Q15 The Parks and Recreation Department is always exploring ways to improve the parks with potential upgrades and new amenities. While we always strive to improve our park system, we recognize that not all projects are feasible with current budget or capacity and some improvements may need to be phased over multiple years or require grant funding to make possible. However, in some cases, the City may receive grant funding to help support specific projects.Keeping these considerations in mind, please rank the following potential park upgrades and amenities in order of priority, with 1 being your highest priority and 15 being your lowest priority:

1	The City needs to develop programming for children and youth. There isn't even an outdoor basketball court.	5/29/2026 10:33 AM
2	Workshops: Home maintenance, repair and improvement.	5/21/2026 11:10 AM
3	Limited recreation south of 696. crossing 11 mile walking, biking, or driving is challenging due to traffic and speeding.	5/16/2026 6:05 PM
4	Thankful for the tree planting. Do you have a group or team that can seek grants? Grant writing would be a great way to fund projects.	4/17/2026 2:54 PM
5	I feel that our volunteer P&R and Tree Committees are doing g a wonderful job with what they have. People seem to complain there are not enough programs, but then those same people do not participate when things are offered. To improve these Committees, they need funding.	4/9/2026 10:51 AM
6	For me and my husband, we really miss the Field Trips that were held some years ago as well as 2-3 times / week exercise classes. We love the Summer Concert Series!	4/3/2026 11:28 PM
7	Being such a small community surrounded by much more robust communities I would like to see Lathrup village partner with other communities to provide recreation in a way that would lower costs for the city and its Residents. For Example, Southfield has a robust parks and rec department. Partner to give LV residents lower rates for signing up for activities. Make a deal with Oak Park for reduced admission to its pool. Instead of creating our own, look for ways to provide residents with access at lower costs.	4/2/2026 9:01 AM
8	We went to the Summer Stroll years ago. It was kind of weird in a good way, and a lot of fun, and the concert at the municipal park afterward was great. Am sure it was lots of work to coordinate, but maybe it's something people would like to do again.	3/30/2026 4:40 PM
9	Continue to upgrade the community room for rentals	3/29/2026 9:04 PM
10	Seniors might enjoy social activities, perhaps they should’ve been included in the survey	3/28/2026 9:59 AM
11	Need an overall coordinator	3/28/2026 6:58 AM
12	Extend street signage into Parks jurisdiction to improve neighborhood maintenance and beautification	3/27/2026 11:11 AM
13	The parks really need attention and updating. Some can hardly even be classified as a park. They are not safe spaces in the community.	3/24/2026 12:18 PM
14	A fair number of the programs I have been interested in have been held on Wednesday evenings, which I cannot attend — maybe a future survey could ask about whether timing/scheduling has been a conflict to signing up for things.	3/24/2026 11:37 AM
